TECHNICAL SPECIFICATIONS

Harshwal Liner Laminates

Harshwal liner is strongly recommended for all inside or backside applications of wall panels, storage cabinets & doors, shelves, counters, tables, cupboards: beds, racks, etc, due to various advantages:

Product Characteristics

- The Liner Laminates protect the furniture from humidity and is the right balancing material
- The liner bonds well with all substrates due to its sanding property

Specification

- The size of the sheet is 2440x1220mm
- Thickness: 0.72mm, 0.82mm and 0.92mm
- Finish: Matt or Suede Finish

Storage

- Please store the sheets horizontally with a thick board at top and bottom to avoid any damage.
- Vertical storing is not recommended for Liner Laminates.
- Protect it from water & moisture and never store directly on the floor or touching the wall

Maintenance

- The Harshwal Liner does not need any maintenance.
- It is easy to clean, Just wipe with a damp cloth.

Note:

Please do not use plywood with high moisture content, uneven surface and inferior quality as it will lead to air bubbles between the plywood and laminates. Insufficient quality or inferior quality of adhesive will also lead to delamination or air bubbles. The Company will not entertain any complaint in this regard.
